2025 Eurovent Summit reveals its second sponsor

Brussels, Carugate, 06 May 2025. UL Solutions, a global service provider to the HVACR industry and various other sectors, has become the first official Silver Sponsor of the 2025 EUROVENTSUMMIT, taking place from 24-26 September in Prague, Czechia.

[UL Solutions](#) is a global leader in applied safety science. It transforms safety, security and sustainability challenges into opportunities for customers in more than 110 countries. The company delivers testing, inspection and certification services, plus software and advisory offerings that support its customers' product innovation and business growth.

This year's **EUROVENTSUMMIT** is held under the theme **#ManufacturingForTomorrow**. The event will feature a specialised seminar programme focused on sustainability and circularity, as this year's Summit looks to highlight the work being done to ensure a better environment for future generations. Participants of the Summit can also look forward to evening networking events where key HVACR industry stakeholders may connect and exchange views on current trending issues.

Dustin Steward, Director and Global Industry Lead at UL Solutions stated: "We are thrilled to sponsor the summit for the third consecutive edition. This event provides an excellent platform to share valuable insights, contribute our expertise towards a safer world and increase manufacturer satisfaction, all while learning from the knowledge of others and foster meaningful connections."

He further elaborated: "At UL Solutions, we empower HVAC manufacturers to not only to speed up their product launch timelines but also to optimise their efforts in developing the next generation of high-performance technologies. Our advanced testing facilities and deep understanding of regulatory frameworks enable us to support partners in navigating critical certification challenges, such as the A2L/A3 refrigerant transition. Furthermore, we help manufacturers highlight their distinct advantages in competitive markets where consumers increasingly prioritize efficiency and reliability. Through our collaborative efforts, we aim to advance innovation, sustainability, and safety in an evolving industry".

Join Eurovent, Eurovent Certification and Eurovent Market Intelligence on 24-26 September 2025 in Prague at the next **EUROVENTSUMMIT** to shape the future of HVACR manufacturing and sustainability. Let's build a more sustainable and competitive tomorrow together!

If you are interested in sponsoring the 2025 **EUROVENTSUMMIT**, contact the Summit organisation Team via andrea.gasparova@eurovent.eu. For the latest updates, stay tuned via www.eurovent-summit.eu and our [LinkedIn page](#), following the hashtag **#ManufacturingForTomorrow**.

About 2025 EUROVENTSUMMIT

The theme of 2025 **EUROVENTSUMMIT**, **#ManufacturingForTomorrow**, highlights the importance of circularity and sustainability in the HVACR industry. It emphasises our industry's commitment to measure and manage its environmental impacts, paving the way for a more sustainable future. Taking place in Prague, Europe's manufacturing heartland, the Summit's choice of venue underscores how sustainability and green tech manufacturing enhance the global competitiveness of our European HVACR industry.

Join 300+ key HVACR stakeholders at the 2025 **EUROVENTSUMMIT** in Prague and play a pivotal role in shaping the future of HVACR manufacturing and sustainability.

About us

Eurovent

[Eurovent](#) is the voice of the European HVACR industry, representing over 100 companies directly and more than 1.000 indirectly through our 16 national associations. The majority are small and medium-sized companies that manufacture indoor climate, process cooling, and cold chain technologies across more than 350 manufacturing sites in Europe. They generate a combined annual turnover of more than 30 billion EUR and employ over 150.000 Europeans in good quality tech jobs.

Eurovent Certification

[Eurovent Certification](#) is the leading European certification body providing voluntary 3rd party HVACR product certification, offering a one-stop service. It certifies product performance according to European and International standards, for a full range of residential and industrial HVACR products. 3rd party certification enhances customer confidence, levels the competitive playing field for all manufacturers and ensures accurate performance ratings.

Eurovent Market Intelligence

[Eurovent Market Intelligence](#) is the European statistics office for the HVACR market. Since 1994, It has been a trusted partner for over 500 manufacturers (current number), providing confidential market data. It maps sales across Europe, the Middle East, and Africa, offering annual and quarterly reports, trends, and forecasts, detailed information on the sold equipment (technology, capacity, etc.) and country-specific analysis.
