J2 Innovations to sponsor the 2025 Eurovent Summit Brussels, 20 May 2025. Eurovent is proud to announce J2 Innovations' continued support as Gold Sponsor of the EUROVENTSUMMIT for a second consecutive year. Join us on 24-26 September in Prague, under the forward-looking theme #ManufacturingForTomorrow.

[J2 Innovations](#) is a provider of control and management software specifically designed for HVAC and refrigeration equipment. J2 Innovations is a wholly owned subsidiary of Siemens and is known for creating the FIN Framework, a next-generation software platform for building automation and IoT applications. This platform enables partners to bring new products to market faster while leveraging the latest technology for a competitive advantage

In relation to the sponsorship for the Summit, J2 Innovations Managing Director, Matteo Pierone, stated: "We are excited to support the Summit as it aligns with our commitment to innovation, sustainability and collaboration in HVACR industry. Engaging with industry leaders and sharing insights will help drive advancements in technology that benefit our partners, customers and society."

This year's **EUROVENTSUMMIT** will spotlight the industry's journey toward greater sustainability and circularity. A robust seminar programme will explore the latest advancements and strategies being employed to secure a more environmentally responsible future. In addition, the Summit will offer valuable evening networking events, creating opportunities for HVACR professionals and stakeholders to connect and collaborate on trending industry topics.

When & Where

The 2025 **EUROVENTSUMMIT** will take place from 24 to 26 September 2025 at the **Vienna House by Wyndham Diplomat Prague**, near the city centre of Prague, Czechia. All meetings will take place at the hotel. Selected evening events will take place at external venues.

All participants receive beneficial rates at the **Vienna House by Wyndham Diplomat Prague** when booking their hotel rooms through **this reservation link**.

Join Eurovent, Eurovent Certification and Eurovent Market Intelligence at the next **EUROVENTSUMMIT** to shape the future of HVACR manufacturing and sustainability. Let's build a more sustainable and competitive tomorrow together!

If you are interested in sponsoring the 2025 **EUROVENTSUMMIT**, contact the Summit organisation Team via andrea.gasparova@eurovent.eu. For the latest updates, stay tuned via www.eurovent-summit.eu and our [LinkedIn page](#), following the hashtag **#ManufacturingForTomorrow**.

About 2025 EUROVENTSUMMIT

The theme of 2025 **EUROVENTSUMMIT**, **#ManufacturingForTomorrow**, highlights the importance of circularity and sustainability in the HVACR industry. It emphasises our industry's commitment to measure and manage its environmental impacts, paving the way for a more sustainable future. Taking place in Prague, Europe's manufacturing heartland, the Summit's choice of venue underscores how sustainability and green tech manufacturing enhance the global competitiveness of our European HVACR industry.

Join 300+ key HVACR stakeholders at the 2025 **EUROVENTSUMMIT** in Prague and play a pivotal role in shaping the future of HVACR manufacturing and sustainability.

About us

Eurovent

[Eurovent](#) is the voice of the European HVACR industry, representing over 100 companies directly and more than 1.000 indirectly through our 16 national associations. The majority are small and medium-sized companies that manufacture indoor climate, process cooling, and cold chain technologies across more than 350 manufacturing sites in Europe. They generate a combined annual turnover of more than 30 billion EUR and employ over 150.000 Europeans in good quality tech jobs.

Eurovent Certification

[Eurovent Certification](#) is the leading European certification body providing voluntary 3rd party HVACR product certification, offering a one-stop service. It certifies product performance according to European and International standards, for a full range of residential and industrial HVACR products. 3rd party certification enhances customer confidence, levels the competitive playing field for all manufacturers and ensures accurate performance ratings.

Eurovent Market Intelligence

[Eurovent Market Intelligence](#) is the European statistics office for the HVACR market. Since 1994, It has been a trusted partner for over 500 manufacturers (current number), providing confidential market data. It maps sales across Europe, the Middle East, and Africa, offering annual and quarterly reports, trends, and forecasts, detailed information on the sold equipment (technology, capacity, etc.) and country-specific analysis.
