Eurovent Summit gains VEAB Heat Tech as a sponsor

Brussels, Hässleholm, 27 May 2025. VEAB Heat Tech, a leader in electric heating and ventilation solutions, has joined the 2025 EUROVENTSUMMIT as a Gold Sponsor. The sponsorship underscores its dedication to driving innovation, sustainability in the HVACR industry.

[VEAB Heat Tech](#) is a Swedish manufacturer of duct heaters and coolers, fan heaters, heating and cooling fans, and dehumidifiers. With over fifty years of experience, VEAB delivers innovative and efficient solutions for heating, cooling and a more comfortable indoor climate. As a Gold Sponsor, Veab Heat Tech reaffirms its commitment to industry collaboration, sustainability, and the advancement of energy-efficient solutions through its support for the Summit, which will take place from 24 to 26 September 2025 in Prague, Czechia.

Mr. Hakan Ekelund, Sales Director at VEAB Heat Tech, stated: "VEAB Heat Tech is proud to participate in the Eurovent Summit, where we will showcase our expertise in air handling and energy-efficient solutions. With decades of industry experience, we develop technology that enhances performance and reduces environmental impact for a sustainable future."

Themed **#ManufacturingForTomorrow**, this year's **EUROVENTSUMMIT** will spotlight sustainability and circular economy principles within the manufacturing sector. The agenda includes a curated seminar programme tackling pressing environmental challenges and advancing best practices in HVACR design, production, and deployment.

Beyond technical sessions, the event will offer exclusive networking opportunities, enabling manufacturers, engineers, policymakers, and other industry stakeholders to connect and collaborate on the sector's most critical topics.

About us

Eurovent

[Eurovent](#) is the voice of the European HVACR industry, representing over 100 companies directly and more than 1.000 indirectly through our 16 national associations. The majority are small and medium-sized companies that manufacture indoor climate, process cooling, and cold chain technologies across more than 350 manufacturing sites in Europe. They generate a combined annual turnover of more than 30 billion EUR and employ over 150.000 Europeans in good quality tech jobs.

Eurovent Certification

[Eurovent Certification](#) is the leading European certification body providing voluntary 3rd party HVACR product certification, offering a one-stop service. It certifies product performance according to European and International standards, for a full range of residential and industrial HVACR products. 3rd party certification enhances customer confidence, levels the competitive playing field for all manufacturers and ensures accurate performance ratings.

Eurovent Market Intelligence

[Eurovent Market Intelligence](#) is the European statistics office for the HVACR market. Since 1994, It has been a trusted partner for over 500 manufacturers (current number), providing confidential market data. It maps sales across Europe, the Middle East, and Africa, offering annual and quarterly reports, trends, and forecasts, detailed information on the sold equipment (technology, capacity, etc.) and country-specific analysis.
