2025 Eurovent Summit registration opens

Eurovent is excited to announce the opening of a discounted early bird registration for the highly anticipated 2025 EUROVENTSUMMIT. Join 300+ key HVACR industry stakeholders on 24-26 September in Prague and play a pivotal role in shaping the future of HVACR manufacturing and sustainability.

Registration

Discounted early bird registration is now open for a limited time. Secure your discounted ticket via the following link:

→ [Register now via this link](#)

Important: After registration, attendees are encouraged to download the [Summit app](#) for an enhanced attendee experience, including **registration for individual sessions**, exploring our sponsors, networking with other attendees, and more.

When & where

This year's Summit will take place on 24-26 September 2025 at [Vienna House by Wyndham Diplomat](#), near the city centre of Prague, Czechia. All meetings will take place at the hotel. Selected evening events will take place at external venues, transport to and from which will be provided.

All participants receive beneficial rates at the Summit hotel when booking via the link below:

→ [Book your hotel room here](#)

We have teamed up with SkyTeam as our official Travel Partner for air travel. Book your flights now to take advantage of discounted air fares and other benefits by visiting the following link:

About 2025 EUROVENTSUMMIT

The theme of 2025 **EUROVENTSUMMIT**, **#ManufacturingForTomorrow**, highlights the importance of circularity and sustainability in the HVACR industry. It emphasises our industry's commitment to measure and manage its environmental impacts, paving the way for a more sustainable future. Taking place in Prague, Europe's manufacturing heartland, the Summit's choice of venue underscores how sustainability and green tech manufacturing enhance the global competitiveness of our European HVACR industry.

Join 300+ key HVACR stakeholders at the 2025 **EUROVENTSUMMIT** in Prague and play a pivotal role in shaping the future of HVACR manufacturing and sustainability.

About us

Eurovent

[Eurovent](#) is the voice of the European HVACR industry, representing over 100 companies directly and more than 1.000 indirectly through our 16 national associations. The majority are small and medium-sized companies that manufacture indoor climate, process cooling, and cold chain technologies across more than 350 manufacturing sites in Europe. They generate a combined annual turnover of more than 30 billion EUR and employ over 150.000 Europeans in good quality tech jobs.

Eurovent Certification

[Eurovent Certification](#) is the leading European certification body providing voluntary 3rd party HVACR product certification, offering a one-stop service. It certifies product performance according to European and International standards, for a full range of residential and industrial HVACR products. 3rd party certification enhances customer confidence, levels the competitive playing field for all manufacturers and ensures accurate performance ratings.

Eurovent Market Intelligence

[Eurovent Market Intelligence](#) is the European statistics office for the HVACR market. Since 1994, It has been a trusted partner for over 500 manufacturers (current number), providing confidential market data. It maps sales across Europe, the Middle East, and Africa, offering annual and quarterly reports, trends, and forecasts, detailed information on the sold equipment (technology, capacity, etc.) and country-specific analysis.
