codeBIM is a Silver Sponsor of the Eurovent Summit

Brussels, 16 September 2025. Eurovent is proud to announce codeBIM as a Silver Sponsor of the 2025 EUROVENTSUMMIT. Join us on 24-26 September in Prague, under the forward-looking theme #ManufacturingForTomorrow.

[codeBIM](#) develops trusted industry 4.0 solutions for manufacturers in the construction industry that help grow business, strengthen brand preference, and open the door to bigger projects. With extensive experience in both Revit and Archicad, codeBIM was one of the first in the world to develop a dynamic 3D BIM model generator that integrates seamlessly with the manufacturer's existing software. At the summit, codeBIM will showcase its latest developments in BIM-based data management, cloud collaboration, and digital product integration for HVAC systems.

Regarding the sponsorship for the Summit, codeBIM CEO, Krzysztof Adach, stated: "We are proud to support the **EUROVENTSUMMIT** as a Silver Sponsor. At codeBIM, we believe that the future of manufacturing lies in smarter digital collaboration and meaningful data integration. Our mission is to empower manufacturers with tools that streamline the design-to-sell process, strengthen brand visibility, and unlock new project opportunities. We look forward to engaging with industry leaders in Prague and showcasing how BIM innovation can shape a more efficient, competitive, and connected HVAC ecosystem."

This year's **EUROVENTSUMMIT** will spotlight the industry's journey toward greater sustainability and circularity. A robust seminar programme will explore the latest advancements and strategies being employed to secure a more environmentally responsible future. In addition, the Summit will offer valuable evening networking events, creating opportunities for HVACR professionals and stakeholders to connect and collaborate on trending industry topics.

When & where

This year's Summit will take place on 24-26 September 2025 at [Vienna House by Wyndham Diplomat](#), near the city centre of Prague, Czechia. All meetings will take place at the hotel. Selected evening events will take place at external venues, and transport to and from will be provided.

About 2025 EUROVENTSUMMIT

The theme of 2025 **EUROVENTSUMMIT**, **#ManufacturingForTomorrow**, highlights the importance of circularity and sustainability in the HVACR industry. It emphasises our industry's commitment to measure and manage its environmental impacts, paving the way for a more sustainable future. Taking place in Prague, Europe's manufacturing heartland, the Summit's choice of venue underscores how sustainability and green tech manufacturing enhance the global competitiveness of our European HVACR industry.

Join 300+ key HVACR stakeholders at the 2025 **EUROVENTSUMMIT** in Prague and play a pivotal role in shaping the future of HVACR manufacturing and sustainability.

About us

Eurovent

[Eurovent](#) is the voice of the European HVACR industry, representing over 100 companies directly and more than 1.000 indirectly through our 16 national associations. The majority are small and medium-sized companies that manufacture indoor climate, process cooling, and cold chain technologies across more than 350 manufacturing sites in Europe. They generate a combined annual turnover of more than 30 billion EUR and employ over 150.000 Europeans in good quality tech jobs.

Eurovent Certification

[Eurovent Certification](#) is the leading European certification body providing voluntary 3rd party HVACR product certification, offering a one-stop service. It certifies product performance according to European and International standards, for a full range of residential and industrial HVACR products. 3rd party certification enhances customer confidence, levels the competitive playing field for all manufacturers and ensures accurate performance ratings.

Eurovent Market Intelligence

[Eurovent Market Intelligence](#) is the European statistics office for the HVACR market. Since 1994, It has been a trusted partner for over 500 manufacturers (current number), providing confidential market data. It maps sales across Europe, the Middle East, and Africa, offering annual and quarterly reports, trends, and forecasts, detailed information on the sold equipment (technology, capacity, etc.) and country-specific analysis.
